PERRY & CAMP

The Duplex Folding Chair

Price \$5.00

is designed for use on the porch or lawn, where solid comfort is the first essential. It is simple to handle, easy to open and to fold, occupies but little space when not in use, and is durable firm and strong.

It is possible to adjust the chair by simply changing position or shifting the weight when in the chair.

One can sit up, lie down, or recline in any way desired, for the chair is so well balanced that when you get into the "right" position you can stay there without any effort.

In the Duplex there are several decided improvements over all other similar chairs. The man who owns a folding chair does not always have a chest of tools at hand, and every other metal-frame folding chair requires some tool or tools to open it up, ready for use. The Duplex requires nothing but the hands.

On all chairs of this kind, the canvas used for the seat and back will stretch with use. The tightening of this in other chairs requires at least a screw driver, and in a little time the screw will fail to hold. This tightening of the canvas in the Duplex chair is provided for by a patent adjusting device which is simple, strong, and cannot wear out. The hands, again, are all that is required for adjusting.

Every Duplex Chair is warranted, and any chair showing defect in workmanship or material will be promptly replaced.

These Look Good to Us

The many things we are making special prices on at the present time to clean up stock surely look good to us, and if you are in need of any of them we are sure they will look just as good to you. Out of a stock of goods such as we carry, there are bound to be found many kinds that are odd.

In Suits and Coats, where the cloths are closed out or where we have closed out a medium-priced line, rather than buy in new numbers, we put in the more expensive ones at a less price to keep the stock clean and in shape so we can handle the new things when they come. Our policy has always been to never carry any goods from one season to another, if we could put a price on them small enough so they would clean up. Then, too, it gives the trade a chance to buy the season's best materials at much under price when the styles are the best.

Ladies' Tailored Suits

We have gone through our Suit stock and picked out all odd Suits or Suits that we cannot duplicate and have put them on different racks to close at once. These are the season's best values in light and medium Suits.

There is one rack of odd Suits in blue, gray and tans, in medium sizes, that are extra good values. These are Suits where there is only one of a kind; are made in serges and fine worsteds; are suits that the styles are all right, but we are making the price just one-half the original price to clean up the stock. We rather do this than buy a cheap Suit to which we would otherwise have to do. Here are Suits that sold at from \$15.00 to \$30.00. To clean up at just half the price.

On another rack are a lot of odd Suits in medium and light colors; are mostly sample Suits that we could duplicate, but would rather make this deep cut of one-third off from the regular price and clean them up when the trade need just such a Suit. These Suits are regular Suits that sold at from \$16.50 to \$30.00, now at one-third off from the regular price. Here are some exceptional values in the season's best values.

Ladies' Wash Skirts

This is the weather that makes us begin to think of Wash Skirts in all grades and kinds. Our line of this Skirt is the largest and best we have ever shown, and we can give you most anything you may want from \$1.25 to \$5.50 each.

Our medium priced line of Wash Skirts are made by the Rutland Garment Co., and they guarantee every Skirt as to fit and service.

At \$1.25 we have some very good values, while the goods are not as expensive as the better grades, every Skirt is tailored as well and the fit is very nearly as good.

At \$1.50 is a very good value in an all Linen Skirt. Comes in the natural colors.

At \$2.00 is a good value in a White Bedford Cord Skirt, is an extra good style.

At from \$2.25 to \$3.00 are a number of good values that come in the rep and the bedford cords.

All of our better Wash Skirts are made by the M. & C. skirt people of Boston, and every Skirt is made in as good style and manner as the wool Skirts. This we have made up in a variety of the season's best styles, and in the reps, bedford, crapes and sponge. Prices from \$2.00 to \$5.50.
